

The Evil Effects of the Fitnah of Muhammad bin Hadi and the Musa'fiqah on the Youth

This youth (called **Abu Makkah al-Somali**) left the companionship of ahlul-Sunnah and joined the efforts of ahlul-bidah in Woolwich, London. What a humiliating end for a youth so early in life. Just another victim of the fitnah of Muhammad bin Hadi, the head of the Musa'fiqah. They abandoned the Salafis and the scholars and started going astray.

This youth only had honour when he was with the Salafis. The Salafis in Birmingham looked after him, employed him and gave him respect. They never let him down. When the fitnah of Ibn Hadi began, he was seized with doubts. His teachers requested him many times to come and sit to clarify his doubts. But he thought he knew better. He became amazed with himself and left the Salafi brothers. And now he sits with and helps ahlul-bidah and the Hizbis. Do you prefer the companionship of ahlul-Bidah over ahlul-Sunnah Abu Makkah? We say, Alhamdulillah, that Allah saved us from what this young man has been afflicted by.

Well done Abu Makkah!
Only a month ago you
were preceded at
Woolwich Masjid (GIC) by
the hizbi Saeed Rageah
who openly attacks the
Salafis. You have aligned
yourself with hardcore
enemies of the Dawah.
Why akhy? Are you really
that deceived by Shaitan?

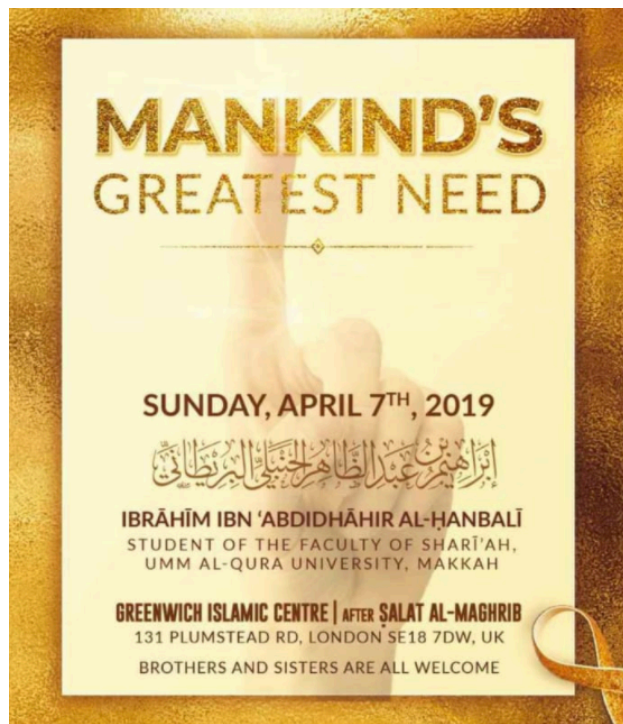

More innovators and
Ikhwanis at

**Abu Usamah?! Murtaza
Khan?? Enemies of

**Look what you left and
who you have joined? Do
you really think you're on
the Straight Path of the
Salaf, Abu Makkah?**

Yes, **Abu Makkah**, it seems you have friends from among the Musa'fiqah (who are known fitnah-makers) with you in leaving the company of ahlul-Sunnah for the friendship of the deviants. **Abu Muslim Ibrahim Somali**: A miskin who started life with Brixton and Halabi, then moved on to Hajuri in that fitnah. Shame he never really found his way to the Salafi Manhaj.

So, Abu Makkah, which one of the above would you recommend? Shakeel Begg? You've joined their jamaah, now tell us what you have joined? Was all this worth leaving the Salafis for? Maybe you can ask **Abu Muslim** for help in answering. **On a serious note akhy. Stop fooling with your religion and your hereafter! Repent and return to the brothers. They will not chase you away. The Muhammad Ibn Hadi fitnah fooled a few youngsters. One even ended up back on the street. Fear Allah and reflect. The door is open.**
